

2023 Salmon Disaster Relief Form

I, _____,

own this business _____, which has been directly impacted by the closure of the 2023 Salmon season. My business has suffered financially due to the salmon management in California. I currently have tax records, calendar, invoices, and logbooks to prove my businesses involvement in the salmon industry.

I am concerned that the government has excluded my business from the qualification for salmon disaster relief funding. Therefore, I am requesting to be represented by California Attorney, Randy Thomas, pro bono. I give my attorney permission to use my financial records and statistics to fight for my financial compensation.
